

DesignScope3D™

The App that Brings Graphic Projects to Life

Download today to bring your graphics to life!

What is DesignScape3D™?

DesignScape3D is a 3-dimensional, interactive world that will help inspire, inform and educate you on how Mactac products can be used for decorative solutions and applications. There are 6 different 3D environments to choose from including; retail, stadium, home décor, train station, trade show and mobile.

This app is YOUR 24/7 graphic consultant by offering:

- Product literature and information
- Alternate product suggestions to fit your needs
- Spec sheets
- Email product information directly from the app
- Available for iPad, Android Tablets, Windows and Mac computers

Download the Mactac DesignScape3D app to easily find the right graphic product for any application!
