protection challenges.*

Overlaminates

Application Guide

Overlaminates keep graphics looking sharp – from initial application to removal. Mactac overlaminates offer superior protection against scuffing, abrasion, moisture and UV light to protect and seal images from environmental elements, foot traffic and more.

Open Image WarrantySM for Mactac[®] Media and Laminates:

You make the choice of printer and ink that are best for your business and Mactac will be the partner that stands behind you. Simply provide us with your system and if we have not already tested the combination, we'll run a comprehensive series of tests to ensure the system works and then warrant your application. If we find the components are not compatible we'll let you know that, too, and make alternative recommendations. It's that simple!

We stand behind you. And, we work with the most popular printer and ink suppliers to ensure product compatibility and durability.
