TORQ™

HI-TACK LABEL STOCKS

**High Powered Adhesives
for Tough Label Jobs**

Roll Label

PSA-coated papers and films in roll-to-roll form. Extensive product options, available customization, varying roll lengths and widths, and customer friendly services, like our Mactac PreciseSM Program, which offers next-day shipping on a precise amount of material needed for small runs and limited applications.

www.mactac.com/rolllabel

Mactac[®], a supplier of pressure-sensitive adhesive products, offers the latest innovation to the pressure-sensitive adhesive industry with TORQ[™] High Tack Adhesive Systems.

A wide variety of facestocks in films, papers, laser and thermal printable. With high performance choices in adhesive technologies – acrylic emulsion and hot melt. Custom constructions available.

TORQ label stocks have the power to stick and stay where others fear to tread. Tires, lumber, waxy corrugated, drums, powdered coated metals, pebbled plastics, ceramics, carpet backing, lab vials – and more.

TORQ Hi-Tack label technology and Mactac technical service make the tough label jobs easy.
