Starliner Label Products Offset Labels / White Circles

10/10
Revised by CEK

Description

60# smooth uncoated litho circles with permanent adhesive and lay flat liner in a variety of popular label sizes. Matrix removed for faster end use application. Not recommended for laser printing because of matrix removal. Over time, the silicone from the exposed liner may contaminate the laser drum causing sheets to mis-feed and jam.

Applications and End Uses

Circles for economical printing, writing, typing and other graphic uses. Saves time and money by eliminating die cutting.
