## Open-Image Warranty<sup>SM</sup>. Peace of Mind. Guaranteed.

PERMACOLOR delivers quality, consistency, and a wide variety of unique choices to fit every graphics application – and budget. All of this comes without costly color shifts, poor finish selection, adhesion failures, UV fade or unnecessary waste.

### Open Image Warranty for Mactac Media and Laminates:

You make the choice of printer and ink that are best for your business and Mactac will be the partner that stands behind you. Simply provide us with your system and if we have already test the combination you have chosen, you're done. If not, give us a sample of your combination, we'll run a comprehensive series of tests to insure the system works and then warrant your application. If we find the components are not compatible we'll let you know that too and make alternate recommendation. It's that simple!

We stand behind you. We work with the most popular printer and ink suppliers to ensure product compatibility and durability.
