mactac[®] 

Perforated films designed for all window applications at an affordable price.

What is WindowVIEW®?

The WindowVIEW line was developed for any application where one-way vision through a window or acrylic is desired. Available in three formats to offer the desired look for your needs, including 50/50, 70/30, and 60/40 media/hole patterns. Each media was designed with specific applications in mind, and therefore have different print capabilities and life expectancies.

WindowVIEW 159 is an 8.0-mil high performance soft white, vinyl film with a black reverse side and 50% perforated with a 1.5 mm hole diameter. It is coated on the black side with a semi-permanent, clear, acrylic pressure-sensitive adhesive and supplied with a 7.0-mil film release liner.

- **Printable on:** UV Ink Jet and Solvent
- **Typical applications include:** Vehicle and transit windows, longer term store-front windows
- **Durability:** Up to three years outdoor when PERMACOLOR® RAYZor™ (LF3648) laminate is used

WindowVIEW 139 is a 6.0-mil intermediate soft white, vinyl film with a black reverse side and 30% perforated with 1.4 mm hole diameter, allowing for 70% to be printed. It is coated on one side with a removable, clear, acrylic pressure-sensitive adhesive and supplied with a 6-mil paper release liner.

- **Printable on:** Latex and Solvent
- **Typical applications include:** Short to medium term POP, retail and store-front window graphics
- **Durability:** Up to 18 months outdoor when PERMACOLOR RAYZor or PERMACOLOR LUV™ gloss laminate is used

WindowVIEW WP129 is a promotional 6.0-mil soft white, vinyl film coated with a black semi-permanent adhesive and a 40% perforated with a 1.6 mm hole diameter. It is supplied with an 86# stable, white kraft liner.

- **Printable on:** Solvent and Eco-Solvent
- **Typical applications include:** Short term transit, POP, retail and store-front window graphics
- **Durability:** Up to one year outdoor. A clear gloss overlamine like PERMACOLOR LUV is recommended
