PUREfloat™

**Removes cleanly from
PET bottles and containers**

Roll Label

PSA-coated papers and films in roll-to-roll form. Extensive product options, available customization, varying roll lengths and widths, and customer friendly services, like our Mactac PreciseSM Program, which offers next-day shipping on a precise amount of material needed for small runs and limited applications.

**The Association of
Plastic Recyclers**

APR recognized

mactac 
ALINTEC COMPANY

PET plastic is used widely for consumer packaging, brand owners and designers seek packaging that supports consumer recycling. Our new PUREfloat™ will float off PET clamshells, bottles, and other containers during the washing process for recycling – leaving no adhesive residue behind. This allows the recycled PET to be utilized for new high value products creating a circular economy.

Common PET labeling applications include:

- Bottles
- Clamshells
- Health & Beauty Products
- Food & Beverage Packaging
- Household Goods
